North Battleford, Saskatchewan
2:00 PM to 7:00 PM**

Husky Midstream is proposing to build two pipelines - a 20" line to transport crude oil to Lloydminster and an 8" line to transport condensate. The project is located within the RMs of Britannia, Eldon and Frenchman Butte.

Representatives from Safety, Environment, Facility Construction, Surface Land, Regulatory, Engineering, Operations, and the Business Unit will be available to provide information on the project and answer your questions.

**For more information, contact Kim Guttormson at (403) 298-7088,
or Joanna Luong-Tran at (403) 298-6195.**
